

## Elections Factsheet

Elections are setup on each club/society page and the dates will be arranged with the committee and SU Activities Team. Key dates will be split into Nominations period, Voting period and results. Those who wish to run for committee roles must submit a manifesto detailing their suitability for the position and what their objectives for the following year would be.

### **Nominations:**

For each position, current committee members can re-run for their position or another position providing they are a UoC student the following academic year. If a candidate is unable to be present at the AGM they can still nominate themselves for a position by nominating themselves on the election on the club webpage.

The three mandatory roles, President, Vice-President and Welfare Officer must be fulfilled by 3 separate individuals and they cannot run for another mandatory role. Outside of these roles are additional roles which do not have these restrictions.

You will need to contact SU Activities to arrange what additional roles you wish to include e.g. Social Media Officer or Social Secretary. These will need to be added before the Nominations period opens. If you want more than one person in an additional role, let the SU Activities team know prior to election starting.

### **Voting:**

Voting is completed online via the club/society page on [ucsu.org](http://ucsu.org). When voting, the individual will need to pick their favourite candidate to their least favourite. RON (reopen nominations) will be an option for all positions that have a candidate. If a committee role does not have a person running, it will be left out of the election.

Club members must be registered students of the University of Chichester, must have a SU Activities Membership and club membership to vote.

### **Results:**

Results will be generated and provided in an email to the club/society President to then release to their members.
